Logistics:

What to Bring - We will be fishing out of flats boats, so no shade. Hats and sun block is a must, bring your own snacks and adult drinks.

Supplied - Captains will have the coolers full of ice, waters, tackle, bait, and fishing license that covers everyone on the boat.

Species - It's not just a tripletail trip, it is a tarpon and tripletail trip. We'd spend the 1st hour plus of the morning chasing 100lb tarpon in the bay and they've had good success with it in the summer months.

Location - The captain has sunk over 400 fads in Apalachicola Bay, so success on the tripletail is very likely as they have plenty of places to hit.
