

1995 Pro-Line 2700 Sportsman Sports Convenience Package FIST construction (no wood)

The boat is on St. George Island, so you can see the boat if you are fishing in the Carrabelle, Apalachicola or St. Marks Tournaments, as I will be fishing them as well. I just rejoined the club. I was a member from 1996-2002 and fish in many of the tournaments. I just retired and have a new boat on order. This boat is a cream puff with only 700hrs.

Price ~~\$24,900~~

Contact: Bill Schmidt 770-235-6959 wschmidt2055@gmail.com

Usage: **ONLY 700 original hours!**

Length: 27ft. 6in.

Width: 9'10"

Draft: 20in.

Power: Twin 225 hp Johnson Ocean Runners (**rebuild Oct 2023**) 3 trips since

Fuel: 192 gallons

Fresh Water: 15 gallons

Livewell: 20 gallons

Rod Storage: 8 Gunnel, out of the way, 5 T-top, 4 leaning post, 4 top gunnel

Updated Equipment: Canvas T-Top, VHF radio/antenna, Hummingbird GPS/Sounder with Sideview. Two Penn Fathom Master downriggers & 20 ft retractable outriggers
New Dual Everstart 850 CCA batteries, fuel lines, fuel/water separators, dual bilge pumps.

History: Primarily used for pleasure and fishing. The boat is driven 20-25 hours annually and has consistently been stored underneath my home. I acquired the boat in 1996 from the original owner who only used it for 50 hours. I live in Atlanta, but the boat is stored under my vacation home on St. George Island, Florida. The Proline 2700 was boat of the year for serious fisherman, with higher gunnels and more cockpit space than the newer 2024 SeaHunt, Cobia comparable 27ft class boats.

Optional Trailer: I purchased a Pro-Line Sportsman specific, 1996 Aluminum Loadmaster 26-28 triple-axle trailer. It has gone through comprehensive maintenance in 2021-2022 involving the replacement of all springs, axles, hubs and tires. The trailer is available for an additional \$3,500.00. If you don't require the trailer, we can explore alternative options for delivering the boat. The boat is quick out of the hole and at a mere 4000 rpm runs 32 mph. Boat Specs indicate a top speed between 47-50 mph.
